Dear Dr. Butler,

This letter is a formal request under Texas Public Information Act for the following documentation.

As requested by other EISD patrons in public forums and EISD board meetings during the past six months without result, I formally request to inspect any and all documents that show or reflect the following information for 2002-2003 year by campus:

Documentation of income and expenditures relative to any and all athletic programs.

Sincerely,

Dianna Pharr

Dear Dr. Butler,

Re: Request #17

Pursuant to the Texas Public Information Act, please consider this letter as written request to observe **any and all documents** for the 2002-2003 school year that show or reflect information regarding:

Documentation of income and expenditures relative to any and all athletic programs. You have provided us with an accounting spreadsheet of these items. The original request dated June 18, 2003, asked to observe **any and all documents**. This would include invoices relative to items on the spreadsheet you provided. In reviewing the spreadsheets with the accounting codes you provided, I noted that many of the items were listed as "generic" making it unclear as to how this money was received or expended.

Sincerely,

Susan Bushart
