Subject: Open Records Request #739

Dear Dr. Wellman,

Please see the attachment included in this email. I received this page yesterday from Kristin High. This is the single piece of documentation that EISD provided in response to my May 18th request (see below). This document was unresponsive to my request dated May 18, 2004.

A "prompt" response to this request would allow the community members of EISD to have information relevant to the current budget issues.

I am concerned that EISD may be exempting documentation that is responsive to this request without seeking an opinion from the Texas Attorney General.

Sincerely,

Dianna Pharr
