**Subject:** Open Records Request

Dear Dr. Wellman,

Please allow me to observe any and all documents that show or reflect the EISD accounting codes used during the past academic school year to current.

Sincerely,

Dianna Pharr

Subject: accounting codes

Susan,

Are the updated accounting code lists available? Thanks, Dianna

Subject: Re: accounting codes

Dianna,

It turns out that the account codes were not included in the operating guidelines, but in a budget workbook that was published in previous years. We are putting the information together for budget training with the campus and department secretaries for later this month. I will send you a copy when we get it compiled for the training.

Dear Susan,

During our meeting, I asked for a copy of the accounting codes. You indicated that they are included in the EISD Business Operating Guidelines. I have searched my copy of the Business Operating Guidelines and I am unable

to locate the accounting codes. Please let me know where they are located  
in that document.

Thank you,  
Dianna
