Subject: Open Records Request

Dear Dr. Wellman,

Please allow me to observe any and all documents that show or reflect communication regarding cost per sport per athlete and revenues generated by specific sports at the EISD middle schools and high school. These documents should include but are not limited to reports, emails and memorandums received by or generated by EISD staff during the period beginning June 1, 2003 and ending May 15, 2004.

I am particularly interested in receiving reports and documents and emails generated by the EISD athletic staff in response to possible cuts of golf, tennis and soccer at the middle school level. Mr. Al Bennett and Mr. Derek Long addressed the board in a recent Open Meeting of the Board Study Session regarding these issues. Mr. Bennett referred to documentation at hand and stated that he was preparing more information in report form for the board to consider. These reports may include, for example, statistics regarding students who play more than one sport, the student fee required to play a sport, or the expenses of country club memberships for golf and swimming.

I appreciate your assistance in providing this public information.

Sincerely,

Dianna Pharr
