I look forward to Robert's call. I still want a copy of the email that was passed around in the board meeting. Please send that to me today as requested.

Clint,

I have had no time to talk to Doug this week to ask him to send that info. I will try to get that done on Monday. Robert said that he would give you a call on the email.

Nola - I'm asking again for the unit cost estimates from Doug and the email to you passed around during closed session last Monday. Doug should be able to easily email me a file with his information or I will be glad to pick it up at his office. This information will be helpful in my analysis of the master plan options. As for the email passed around, you can send it to me by email, fax or put a copy in my box; just let me know when and how it will be delivered. I'd like to have this information by the end of today.

Thanks, Clint

Nola -

During the master planning portion of the meeting, Doug mentioned that his cost estimates came from unit cost analysis. I'd like to see the computations used for each item so that I can understand how he came up with the totals for the three options. I assume he has one or more spreadsheets with this information that he could forward.

During closed session with the attorney was on the phone, you passed around an email from Robert to you. It was distracting for me to try to listen to the attorney and read about something on a different matter; or is this tied into the lawsuit in some way? Since I didn't read the email in its entirety, please send me a copy so that I can take another look.

Thanks, Clint

Clint,

[www.keepeanesinformed.com](http://www.keepeanesinformed.com)

The paper you have is a copy of the 5/1 email you read on 5/11. You are mistaken about me writing on the copy after you saw it on 5/11.

I spoke with Doug Abraham, and he said he would ask the estimator to get the figures. When he gets those to me, I will share with the board.

A copy of an email dated 5/17/09 was left at my place last night after the meeting. Obviously, this was not the same paper that was passed around at the 5/11 closed session meeting. Please forward a copy of the May 11th paper to my email or fax to 512-472-6912. After being passed around you wrote something on it and placed it in your stack of papers during our telephone conversation with the attorney.

Also, I'm still looking for the planners' line item unit cost figures.

Let me know if I will need to obtain these documents through a FOI request.
